## EDUCATION

B. Tech <b>Computer Science</b> Specialization with Cyber Security, GLA University, Mathura (77%)	2024
Intermediate, Madhav Gyan Kendra Intermediate College, Prayagraj (78%)	2020
High School, Madhav Gyan Kendra Intermediate College, Prayagraj (90%)	2018

## INTERNSHIP EXPERIENCE

### E- Cell IIT Hyderabad

Jun 2023-Feb 2023

Web Development Intern

- Acquired a solid understanding of advanced concepts in HTML, CSS, JavaScript, and Bootstrap, culminating in the successful creation of a fully functional E-commerce website.
- This dynamic website not only incorporates sophisticated shopping features but also seamlessly integrates Google Maps to retrieve and display location information.

### Job Oriented Value Added Coarse (JOVAC), GLA University, Mathura

June 2022-July 2022

Web Development Intern

- Designed and crafted a visually appealing Photo Web website using the latest technologies, including HTML5, CSS, and the Bootstrap framework.
- This project involved the development of various integrated sections, such as a curated collection of photos, engaging blog content, and seamless integration with our social media accounts.

## PROJECTS

### E-commerce Shopping Website >

Front-end Developer

- Implemented with **React.js**, **CSS**, HTML, JavaScript, Bootstrap.
- Crafted the front-end of a fully functional e-commerce website. This platform boasts a seamless shopping experience with integrated shopping functionalities to cater to the needs of discerning customers. Additionally, I implemented many functions to provide users with convenient services, making it easier for them to navigate and find their desired products.

### My Blog Website >

07/2023

Front-end Developer

- Used Technology-**React.js**, CSS, JavaScript, Bootstrap, Map
- Used React.js and customized CSS to construct the engaging front-end of my blog. Within this project, I thoughtfully incorporated a wide array of functionalities, including contact information, user login capabilities, and the ability to compose and publish blog posts.

### Tour Guide Website >

03/2023

Front-end developer

- Used Technology-**React.js**, **Tailwind CSS**, JavaScript, Bootstrap
- Used React.js and Tailwind CSS, I engineered the front-end of a dynamic and user-friendly tourism guidance website. This platform is meticulously crafted to assist travelers in discovering new destinations. I integrated various sections like maps, insightful blogs, and secure user login.

### Food Delivery App (UI & UX) >

- Designed a user interface (UI) and user experience (UX) for a food delivery app using Figma, a collaborative design tool.

## SKILLS

### Technical

- Java, OOPs, Data Structure & Algorithms
- **Web Development:** -HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, React.js
- **Tools and Technology:** - Figma (UI & UX), VS Code

## Professional

- Strong Problem-solving.
- Flexible and fast learner.
- Communications and learning skills

## EXTRA/CO-CURRICULAR ACTIVITIES

---

- Earned a certification in Web Development from renowned institutions, **Infosys** showcasing my dedication.
- Attended a bootcamp hosted by the esteemed SquareBoat Organization, where I delved into the fundamentals of React.js.

## DECLARATION

---

I hereby declare that all the above-mentioned information is true and correct to the best of my knowledge.
